### About the brand

**Axle** is a fully fledged project in New Cairo designed to give its clients access to one of the most prominent and developing areas in New Cairo, dedicated to the future. A building comprising commercial, retail, administrative and clinics spaces intended to offer its clients the optimum top notch experience in a building offering 180 degree views in all spaces. The project is set to be focusing on details from the smallest to the biggest by offering labor lockers for all workers on grounds, longer operating hours to accommodate the visitors and utility zones as well as a selfie zone to showcase the fun and interactive side of Axle.

## new cairo

**Axle** is located at the center of a very prominent area in New Cairo, it is at a crossing axis point between GUC and AUC housing districts and down the road from the Hany Saad Innovations building. Situated to connect between all existing facilities around it and create a gathering point in the middle that acts as an axis.

forever connected.

### Unit types

**Axle** holds units that are convenient for many and different purposes such as retail, administrative offices and clinics.

### Unit types

## Commercial area

A commercial area situated on the ground and first floors comprising a wide range of coffee shops, restaurants and retail spaces including two pharmacies and a hypermarket to cater for the convenience of all our clients. The commercial area is amenitized with multiple entry gates, elevators and prayer rooms.

unique  
experience

Unit types

**Administrative offices**

**With a number of selected elevated offices protruding from the building and offering a radial and expansive view,** the administrative area of the project is situated on the second and third floors with office terraces offering an outdoor area for more convenience and to add the feeling of openness to the indoor spaces.

**catering to your business**

The administrative spaces have several meeting rooms and studying spaces as well as elevators for the ease of movement.
